never try to stop / i was ~~so~~ <sup>so</sup> scared /  
but i never had a doubt / so never have  
a doubt \* gave you easy / just to see  
you smile / shed those strips for now  
watch you run for miles / gave you easy  
you took to the sky / you'll never  
see me again / and it makes me  
smile / Oh so happy standing  
here / watching you run / know  
there is no looking back / know  
this done / gave you easy / just  
to see you smile / shed those  
strips for now / watch you  
run for miles \* when  
everything / beads in between  
broken thoughts with 4's and  
3's / you know they know / you  
know they know / everytime  
you walk away / where sun-  
light beads to grey...

you know, they know  
you know, they know

without your wallet does it make you sad to understand that numbers don't have a value  
without your wallet when you're like every man  
you know you're nothing without your wallet you're just a useless waste of skin  
there's no love or light behind your eyes all you give is demands you sure ain't much  
without your wallet  
with what  
when it's respect, you'll bring
