Podcast: Daly City Records

David Wang, a.k.a. **Mochipet**, has been involved in the experimental scene since the ripe age of 15. Releasing records for labels as diverse as Kid 606's Tigerbeat 6, Schematic, and his very own Daly City records, the producer has become a denison of dark, eclectic, and spastic electronic music. For this exclusive XLR8R mix, Mochipet pulls out a gang of unreleased heaters, a bunch of Modeselektor and Spank Rock mash-ups, and Metallica! We're thrilled.
